GRANTS:

Co-principal investigator for Grand Challenges Explorations Grant from Bill and Melinda Gates Foundation, April 2011 through October 2012, on an inexpensive pneumatic circumferential abdominal-pelvic pressure (CAPP) device for use in postpartum hemorrhage, field work conducted in Nepal. Grant administered through University of New Mexico Department of Emergency Medicine

Rotary Club grant for Postpartum hemorrhage training and Mother-Saver Ball & Binder device rollout, including one year followup in Dhulikhel, Nepal

OTHER PROFESSIONAL ACTIVITIES 2010-2018:

Reviewer for International Journal Gynecology & Obstetrics, Academic Emergency Medicine, and Reproductive Health, 2012 to present.

Assessment of medical facilities in Enga Province, Papua New Guinea for Project Cure, September 2018

Indigenous Women's Health Conference March 2018 poster presentation and roundtable discussion on postpartum hemorrhage devices. Albuquerque, NM

Lecturer on Postpartum Hemorrhage, First International Conference of the German Nepal Society of Obstetrics and Gynecology, sponsored by the G-NESOG and OneHeart World-Wide, Dhulikhel Hospital/Kathmandu University, October 2017

Postpartum Hemorrhage training, including use of inexpensive pneumatic Mama-Saver Ball & Binder device for Providers in Nepal, including provision of devices and plans for quality assurance data collection, Dhulikhel Hospital, August 2017

Papua New Guinea VScan handheld ultrasound training and Ball and Binder Postpartum Hemorrhage Device, Enga Province August-September 2016

Assessment of medical facilities in Simbu Province and Madang, Papua New Guinea for Project Cure medical equipment and supplies, August-September 2016

Finalist, Saving Lives at Birth Round 6 for innovative IV infusion pump device,
Development eXchange Conference presentation given Washington DC, July 26-28, 2016

Presentation October 2015 International Federation of Gynecology and Obstetrics
(FIGO) Vancouver, Canada on the Mother's Ball and Binder, An Inexpensive Anti-shock
Device for Postpartum Hemorrhage

Papua New Guinea 4 weeks September/October 2015, evaluation of health facilities in
Enga province, rollout with training on portable ultrasound devices and easy ball and
binder portable anti-shock garments for postpartum hemorrhage treatment, at request
of Ministry of Health, GE Healthcare, and Papua New Guinea Tribal Foundation

Presentations on Anti-shock Garments and Postpartum Hemorrhage at International
Federation Gynecology & Obstetrics meeting, October 8, 2012, Rome, Italy

Volunteer work University of New Mexico, assistant attending physician on Labor and
Delivery, clinic faculty attending, instructor for medical students, Grand Rounds
Presentations most recent December 2018

Faculty member, course planner and lecturer: Global Health Seminar in Nepal for US
medical students and residents, sponsored by University of New Mexico Department of
Emergency Medicine, month-long courses in 2008, 2009, 2010, 2011, 2014, and 2015.
Courses include significant curriculum on maternal and newborn health, public health
and disaster medicine. Experienced 7.8 earthquake in Nepal, April 25, 2015

Lecturer in Kathmandu on "Benefits of Exclusive Breastfeeding for Baby's First Six
Months", sponsored by Nepal Midwifery Association, for International Breastfeeding
Day.

Indigenous Women's Health Conference March 2014, conducted roundtable discussion
on postpartum hemorrhage devices. Albuquerque, NM

Advanced Life Support Obstetrics (ALSO) instructor, University of New Mexico courses,
August 2010, 2011, 2012, 2013, 2014, 2017, 2018, and Gallup NM course x 1

Presentation: Breast cancer screening controversies and updates, Telluride Wilkinson
Library, March 13, 2013

Presentation: Obstetrical emergency care for the prehospital provider, Norwood,
Colorado, March 15, 2013

Presentation: Round table discussion of anti-shock garments for postpartum
hemorrhage, Third International Meeting on Indigenous Women's Health, Albuquerque,
New Mexico, March 6, 2014.

Finalist, Saving Lives at Birth Round 3, and participant in the Development xChange, Washington DC, July 28-31,2013 for “Pneumatic Anti-Shock Garments for Obstetric Hemorrhage in an Integrated Healthcare System”

AWARDS: University of New Mexico School of Medicine Department of Obstetrics and Gynecology, Outstanding Volunteer Faculty Teaching Award, 2008-2009

PERSONAL: Married, one child
Active Member, Telluride Rotary Club, Telluride, Colorado
Past Chair, Women’s Health Committee, Telluride Rotary Club
